

## Batan - Extruded Blend

Design by Allermuir Design Studio

Two key elements are combined - a soft aluminum extrusion and a fully rounded solid top surface. Stone, timber and recycled aluminum compose the core materials of this low table collection.

## Design Allermuir Design Studio

Our team of talented in house designers is responsible for creating elegant, innovative furniture designs that not only look beautiful, but minimize the impact on the world around us.

Constantly exploring new product trends and keeping up to date with the latest innovations in technology and materials, our design team creates world class designs of the highest quality.
