

Crate Divide

Allermuir

Crate Divide Collection

Crate Divide is a cube based modular storage system that allows you to create spaces using its simple and intuitive configurable design.

Pre-built components can be connected in-line or at right angles to create different zoning experiences, as well as offering...

- High and low-level division solutions
- Mobile variations to support flexible spaces
- A range of open and closed storage
- Accessories ranging from whiteboards to storage
- Options of finishes across all components
- TV presentation displays
- Credenza
- Planters for indoor biophilia and wellbeing

Settings:

A selection of Crate settings that will make your workspace more customizable, inspiring and productive.

Suitable for:

Crate Media Wall:

Crate Divide has gone through a complete redevelopment to make it even more adaptable and functional but yet still retains it's core aesthetic.

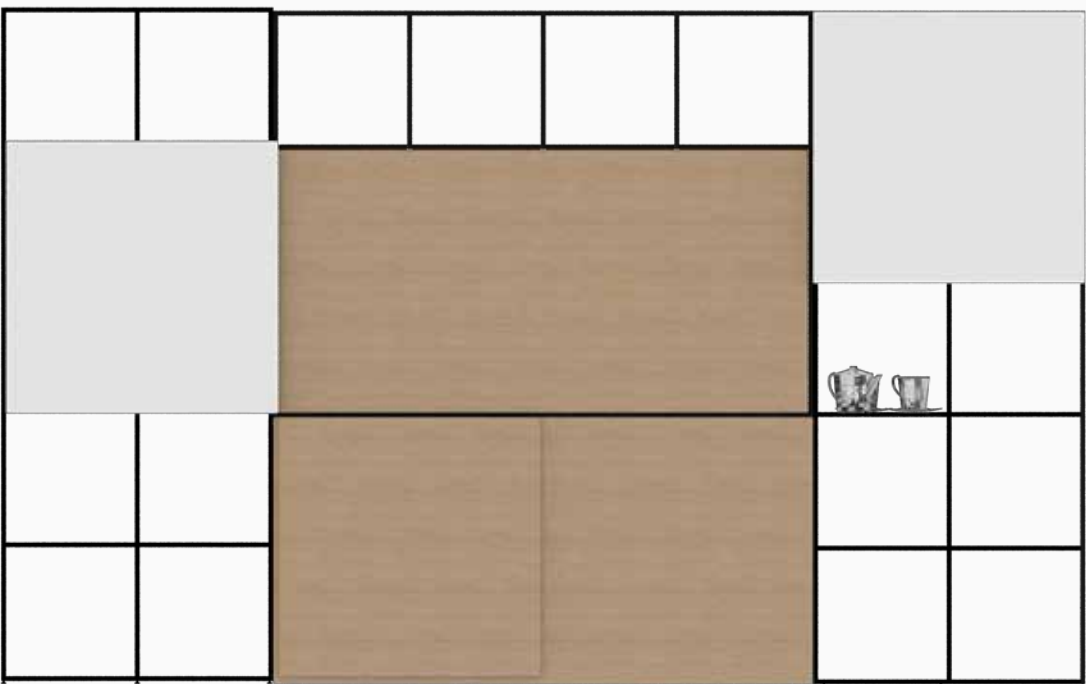

One key feature is now the additional of a Media Wall. Designed to used for various environments such as a modern reception space to a last minute Zoom call.

The other great benefit to Crate Media Wall is the reverse, the multi-fuctional design of Crate enables the reverse to be used as storage or for collabraive meetings with the addition of whiteboards or pinboards.

Media Wall front elevation:

The Media Wall can cater a 65" TV transforming any space into a modern and collaborative space. Add plants to increase acoustic and viusal properties of the environment.

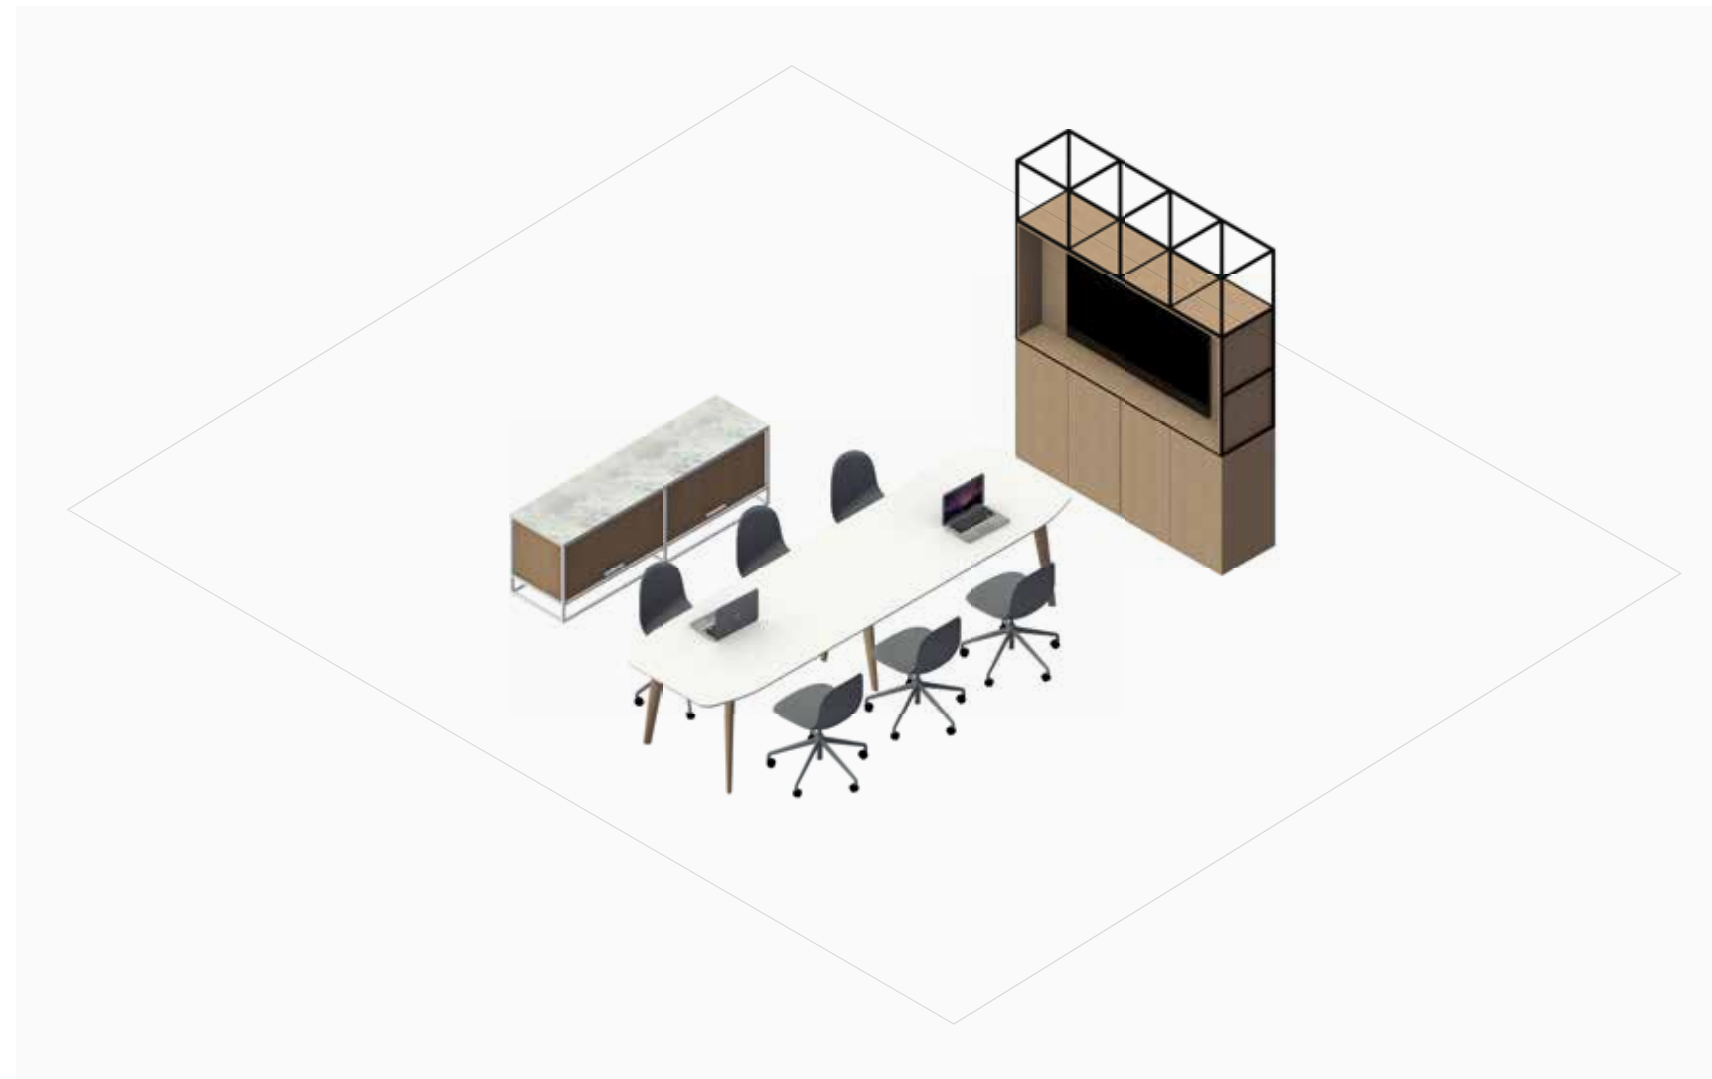

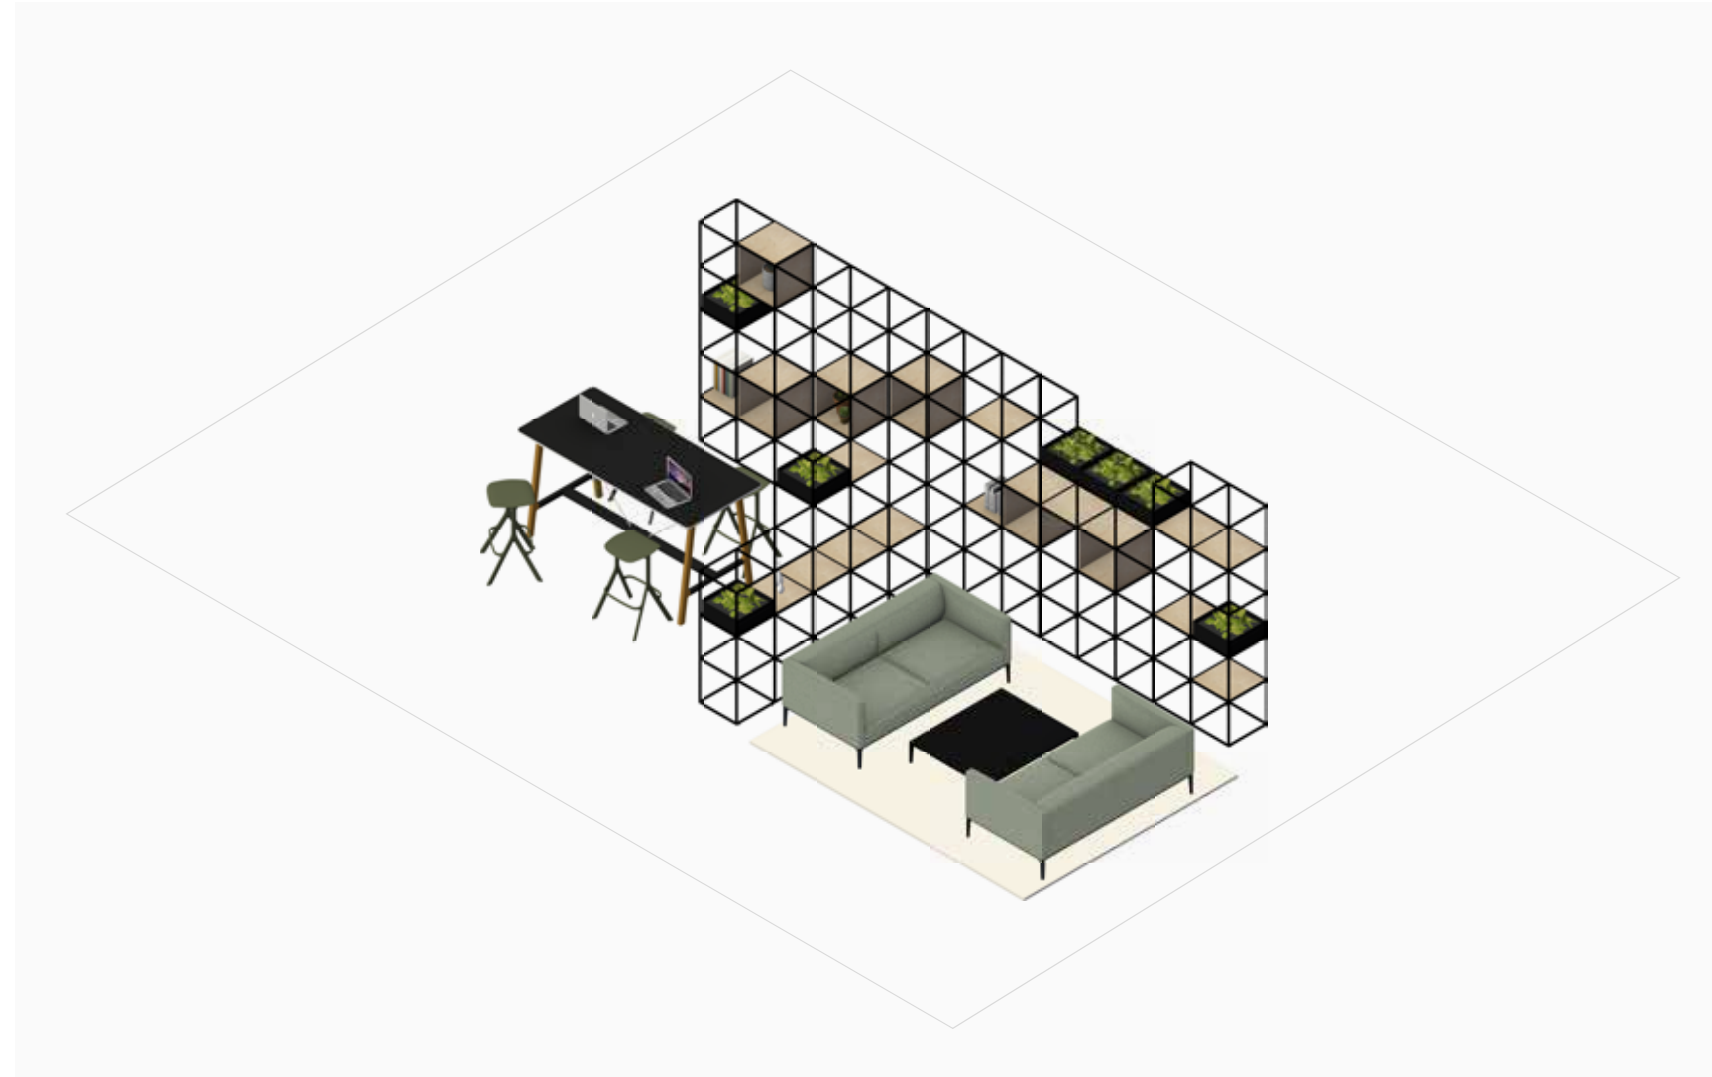

Media Wall reverse elevation:

The reverse can still act as a fuctional space to make the most of any floorplate.

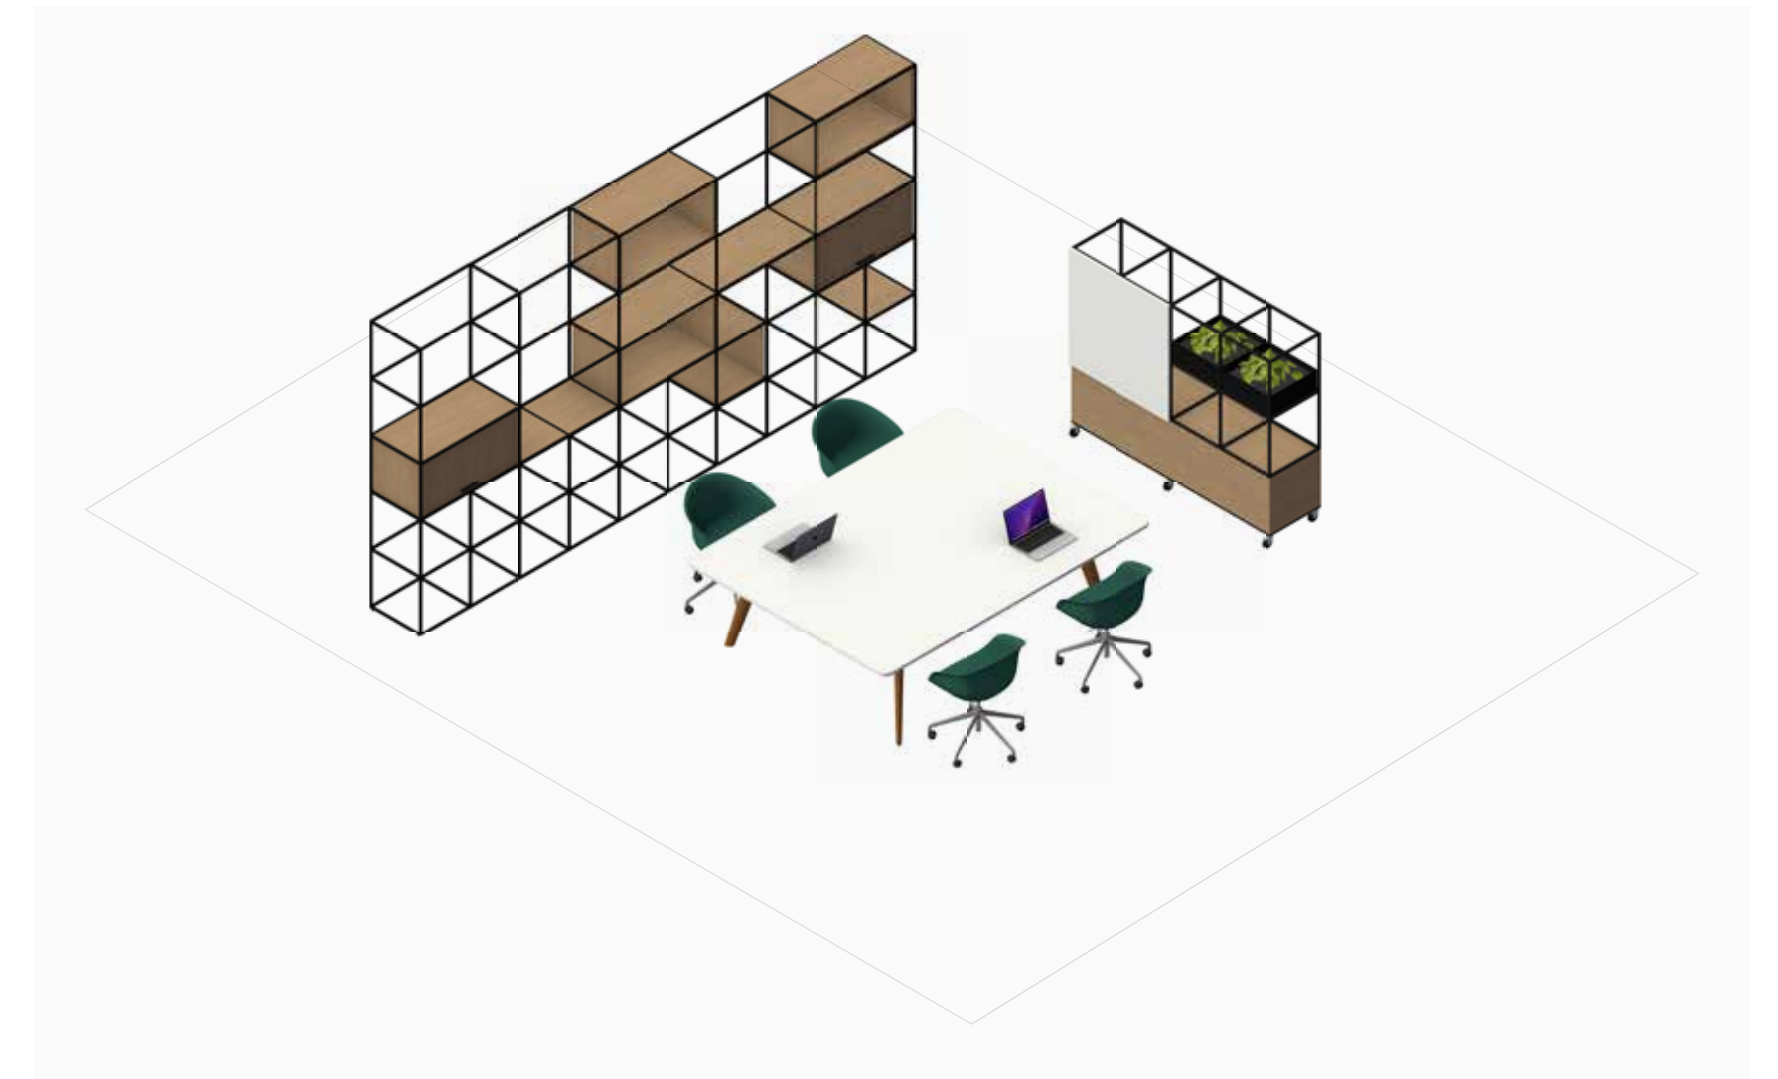

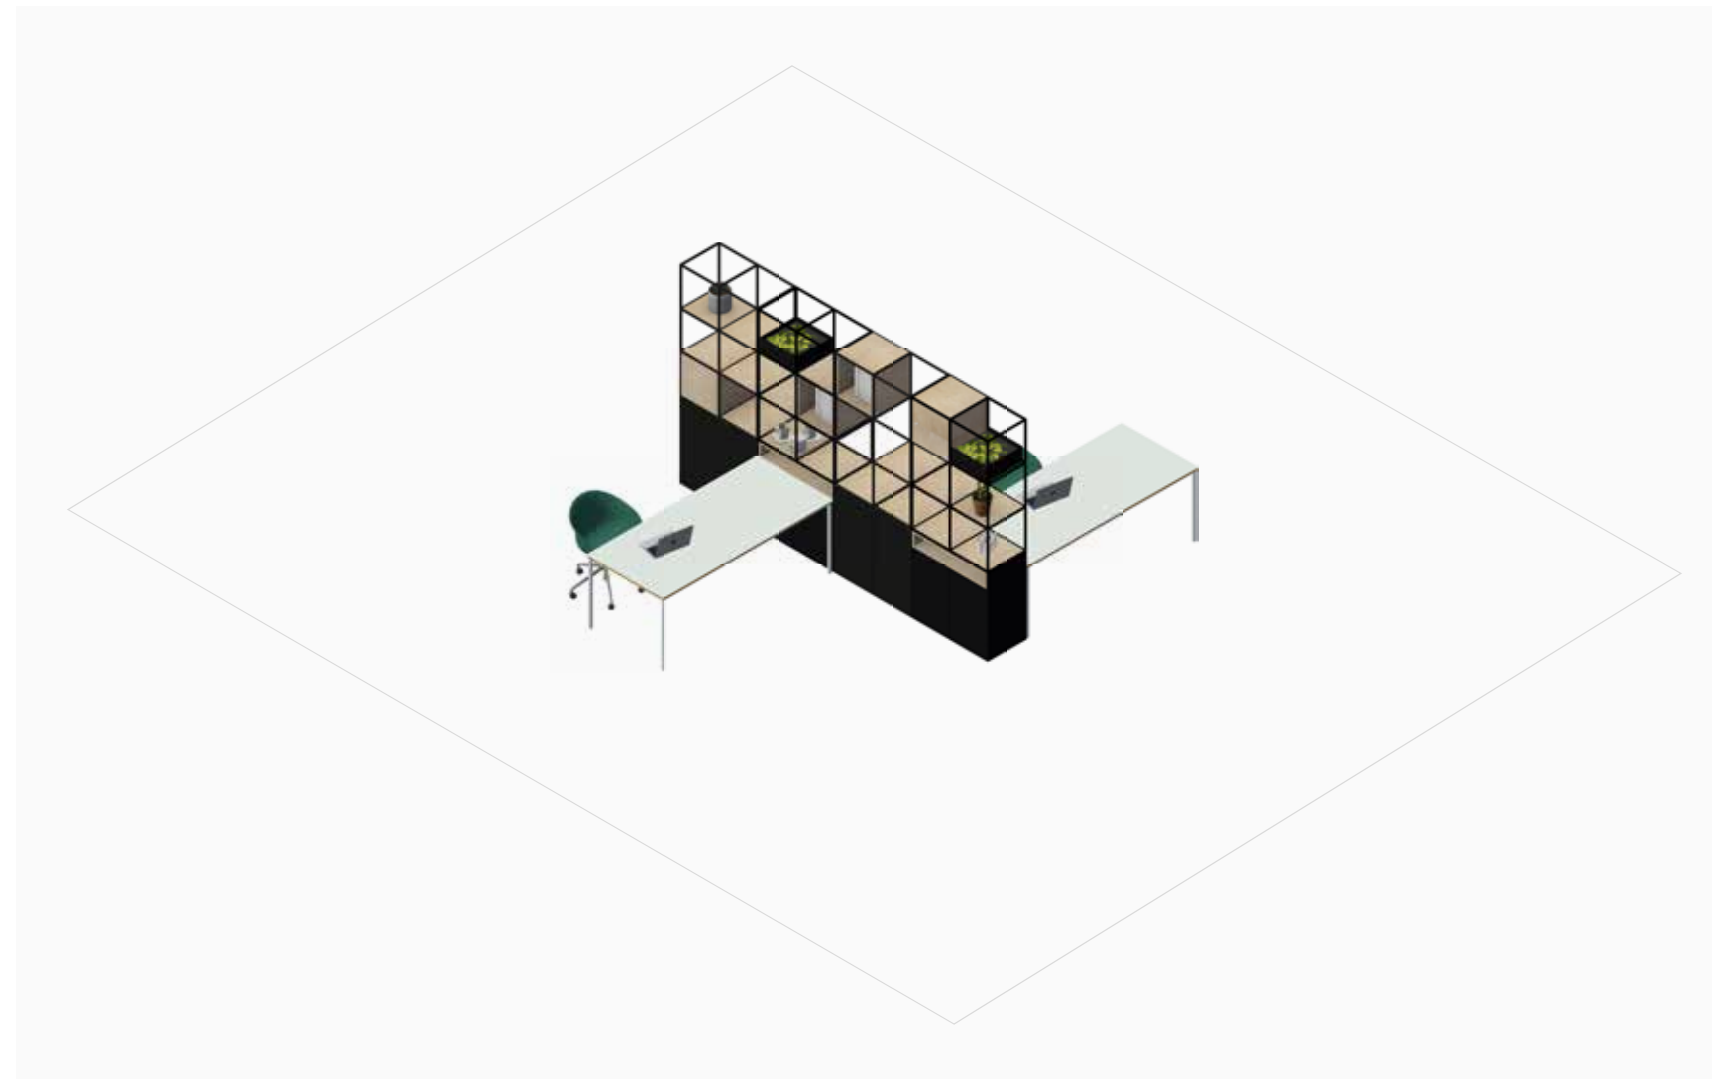

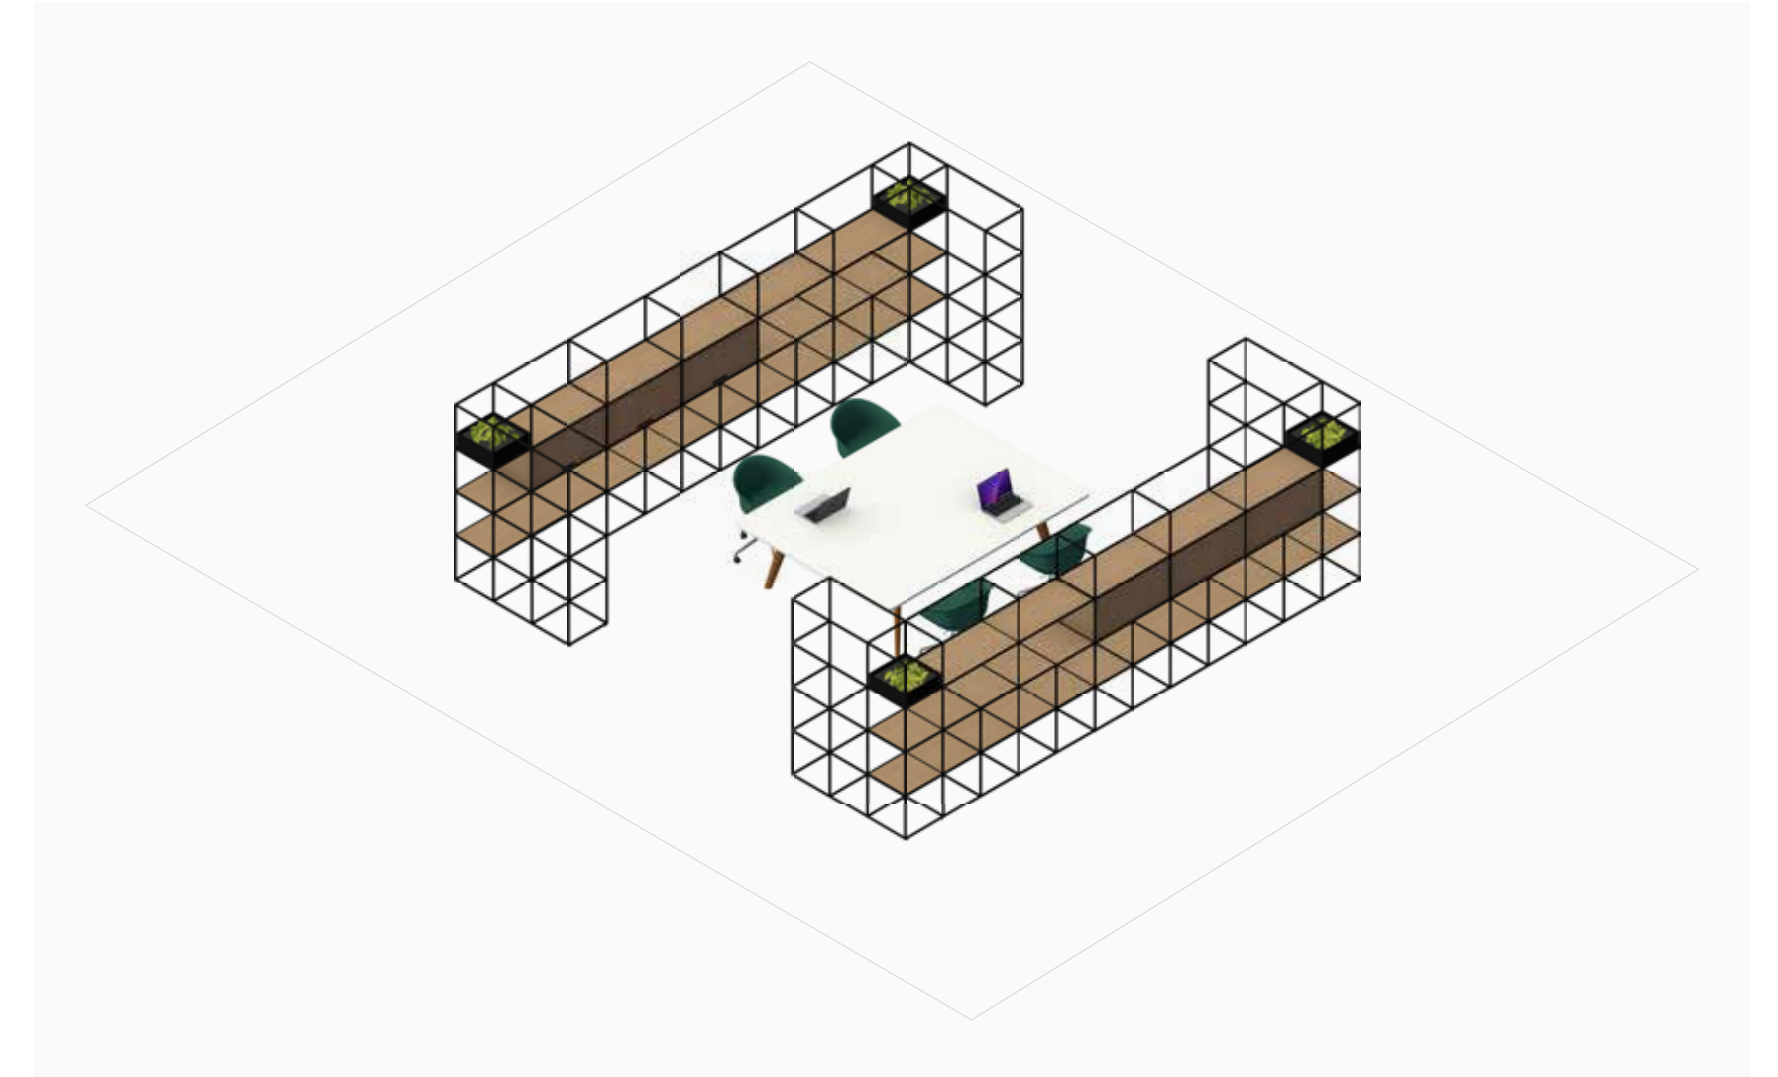

Settings:

Crate Divide can create an array shapes, flexible and fixed workspaces and environments. suitable for reception areas, hotel lobby's and breakout spaces.
