Aldo

Design – John Tree

Built on the union of design simplicity and technical precision, Aldo delivers exceptional ergonomic comfort in a timeless everywhere collection. Designed to transition effortlessly across dining, café, and meeting spaces, Aldo chairs and stools harmonize with any interior design aesthetic.

Soft, rounded wood forms pair with high-gloss powder coated frames to create striking material contrast with a calm visual presence. Tubular steel legs attach seamlessly to the back with no visible hardware, while a graceful ribbon-shaped substructure frames the seat. This flexible family of seating is a true testament to the power of nurturing the details.
