Patrick Norguet
Founder, Studio Norguet

An icon of French Design, Patrick Norguet draws inspiration from the world around us. He designs products whose relevance and modernity withstand the test of time.

Since the start of his career, Patrick Norguet has been involved in collaborations with the fashion world, iconic brands such as Louis Vuitton, Lanvin, Guerlain and Christian Dior. His design talent across industrial design and interior design projects have helped bring the spirit authenticity and elegance to the international design scene. His works represent the ideal union between fashion, design and a renowned “French touch”.

For Patrick Norguet, design is first and foremost about happy encounters, from collaboration with manufacturers to designing consumer products and luxury objects with compelling passion. In 2000 he opened his personal design office and was awarded “Designer of the Year” in 2005. Some of his works are part of the permanent collections of prestigious museums, such as the Museum of Modern Art in New York.

The art of sitting:

Aura Dining and Aura Lounge offer two distinct yet complementary seating experiences designed for versatility and comfort.

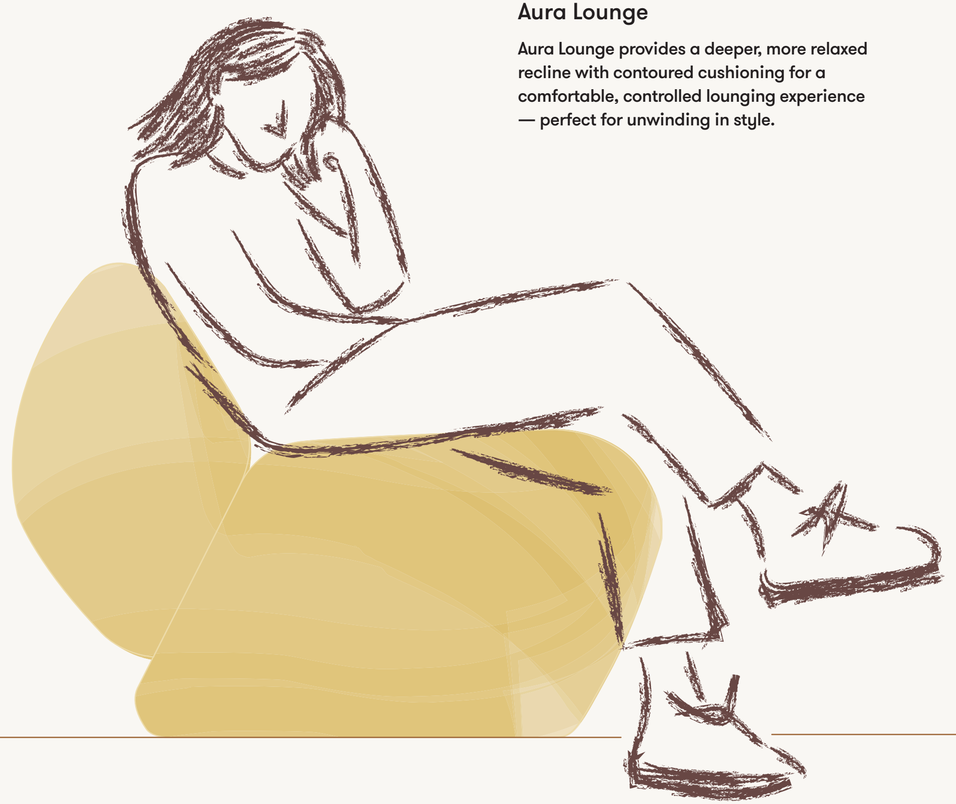

Aura Dining

Aura Dining features a compact footprint and upright support, making it ideal for active settings like dining or working.

Aura Lounge

Aura Lounge provides a deeper, more relaxed recline with contoured cushioning for a comfortable, controlled lounging experience — perfect for unwinding in style.

Moments to lounge...

Aura Lounge offers a more relaxed atmosphere, inviting moments of pause and effortless style.

At the heart of the Lounge is it's modular design enabling a variety of stylistic configurations that can elegantly meander and flow through any environment .

Luxurious detailing front to back

Given the fluid, meandering nature of Aura Lounge — and its ability to not only flow in any space but be located anywhere — it was essential to consider its design from every perspective: front, back, and side.

Instead of a straightforward, linear rear profile, Aura Lounge extends its sculptural language with a fluted, segmented form that gently curves outward. This design offers a continuous, sculptural and elegant view from all angles.
