

Crate Divide

Design by Allermuir

A cube based modular storage system with a prime function to act as a room divider. Create spaces using the modular design of Crate.

Pre-built components can be connected together in-line or at right angles to create different zones within existing spaces.

Design Allermuir

Our team of talented in house designers is responsible for creating elegant, innovative furniture designs that not only look beautiful, but minimise the impact on the world around us.

Constantly exploring new product trends and keeping up to date with the latest innovations in technology and materials, our design team creates world class designs of the highest quality.

Crate Divide

Design by Allermuir

Crate Divide Curve, allows users to seamlessly specify fully circular spaces or to elegantly snake their designs around their chosen environment. The addition of curtains creates a whole new look and dual purpose, providing an acoustic insulation and visual privacy.
