

Haven Bench

Design by Mark Gabbertas

Haven Bench is part of the entire Haven family of products that comprises of sofas, stools, tables screens and pods that support the drive towards a location free, collaborative working environment.

The benches are available in three lengths and can be used individually or linked. The vertical elements, bulwarks, are either attached to the bench to act as a backrest, perch or can be linked to the end of the bench as a space divider.

To enhance the configurations that Haven Bench provides three angled linking modules are also available.

Design Mark Gabbertas

Mark Gabbertas is a furniture designer with a different perspective. After ten years in advertising, he trained and worked as a cabinet maker, before establishing the Gabbertas Studio in 2001. The intent is

to create character through simplicity via the rigorous pursuit of designs that have both an elegance and a lasting aesthetic... it is all too easy to shock, but much more difficult to please.

Standard Features

- (* - Selected models only)
