

Lockers are a versatile range of personal storage solutions designed to accommodate various applications and needs. As our working environment becomes more transitional, with hybrid and permanent employees increasingly sharing desk spaces, lockers have become a practical and essential feature in the modern workplace.

DESIGNER

Senator Design

Our team of talented in house designers are responsible for creating elegant, innovative furniture designs which not only look beautiful, but minimise the impact on the world around us.

They come from all over the world, but are based in our Design Centre located in a quiet Lancashire village just outside the Ribble Valley. Our dedicated facility is over three floors which include studios, a materials test centre and prototyping lab.

CERTIFICATION
