

SENATOR

OUSBY

Ousby is a task seating range that boasts exceptional comfort and affordability.

Designed using flexible, durable and sustainable materials that respond to your movements, Ousby is an organically shaped seating range that provides comfort and support throughout the day, whatever the task.

Offering a contoured mesh back, Ousby features an adjustable integrated lumbar as standard. Its multi-functional arms accommodate varied tasks and user preferences. Ousby also features a dynamic synchronised mechanism with quick tension adjustment and back locking in 5 positions.

Design by Senator

DIMENSIONS

DESIGN

Senator

Our team of talented in house designers are responsible for creating elegant, innovative furniture designs which not only look beautiful, but minimise the impact on the world around us.

They come from all over the world, but are based in our Design Centre located in a quiet Lancashire village just outside the Ribbles Valley. Our dedicated facility is over three floors which include studios, a materials test centre and prototyping lab.

LCA reports can be downloaded from the Group Portal and Website.

SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

-Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

Reduce
Reuse
Recycle
