

Kin

Design - PearsonLloyd

Kin is a family of elegantly strong mono-shell seating and 'family' was the ethos from the very beginning. Often, a range develops from an original design for a single piece and is then stretched to apply to other furniture, but Kin's purpose was to be one coherent and harmonious collective. So, there are no poor cousins, just strong, compelling characters allowed to thrive alone and together in a diverse and demanding array of settings.

Design - PearsonLloyd

Kin is a family of elegantly strong mono-shell seating and 'family' was the ethos from the very beginning. Often, a range develops from an original design for a single piece and is then stretched to apply to other furniture, but Kin's purpose was to be one coherent and harmonious collective. So, there are no poor cousins, just strong, compelling characters allowed to thrive alone and together in a diverse and demanding array of settings.
