

Plum

Design by Mark Gabbertas

Plum is a universal lounge chair with an exceptionally comfortable upright sit. The characterful collection is based on a series of ultra-soft pillow like structures that allow the internal structure of the chair to be hidden.

Plum is as much at home in a hotel bedroom as it is in an office lobby or informal meeting area.

Design Mark Gabbertas

Mark Gabbertas is a furniture designer with a different perspective. After ten years in advertising, he trained and worked as a cabinet maker, before establishing the Gabbertas Studio in 2001. The intent is

to create character through simplicity via the rigorous pursuit of designs that have both an elegance and a lasting aesthetic... it is all too easy to shock, but much more difficult to please.

Standard Features

Plum Sofa

Design by Mark Gabbertas

The characterful lounge chair collection has evolved to include one, two and three-seat units offering various levels of openness and enclosure, from an ottoman to a standard height sofa through to a

high back sofa. The entire family is based on series of ultra-soft pillow like structures that allow the internal structure of the chair to be hidden.

The elegant and compact nature of Plum means it is as much at home in a hospitality setting as a corporate one.
