100 Fabrics

The Senator Group works to maintain significant inventories to support our Quickship programs. All products that are in stock will ship in 15 business days. Should our inventories be depleted we will provide the most prompt ship date possible. The Senator Group's Quickship Program is limited to only models and finishes listed. Our 15-day Quickship goal begins once a clean and complete order has been accepted, entered and all business terms have been satisfied. All Senator Group related business terms and conditions apply. Products are listed with maximum available purchases for a given project. The splitting of orders to circumvent maximum quantities will not be allowed.

Please contact your Senator Group Dealer or representative to request expedited larger quantity purchases outside of this program. The product application images contained in the program guide serve to provide a demonstrated use of our product.

Please note these images represent products and finishes available, they do not always represent products and finishes available in our QuickShip program.

Axyl

Design by Benjamin Hubert | LAYER

Axyl

Axyl is a collection offering a sophisticated combination of recognizable elements. Comprising of an arm chair, stool, bench and range of tables, Axyl utilizes a strong geometric design language that is entirely original yet draws on familiar references to create a range of highly functional seating.

Bastille

Design by Patrick Norguet

Bastille

Bastille is a seating family made up of a dining, lounge and bar stool options with a minimalist yet luxurious aesthetic. The collection was designed specifically with hospitality environments in mind, although with the increased merging of interior styles in corporate and hospitality markets the collection could easily transition across both.

Famiglia

Design by Pearson Lloyd

Famiglia

The Famiglia collection consists of low, mid, high-back and lounge chairs with an array of leg options, as well as complementary tables that provide convenient power access. Designed to meet the blended needs of modern work and hospitality environments, Famiglia seamlessly transitions between touch-down tasks, collaborative meet and greets, comfortable lounging, and moments of privacy and respite. Its tuned ergonomic forms ensure utmost comfort and space utilization while the multiple applications provide a program that can be adapted to suit changing environments for years to come.

Axyl Table

Axyl tables follow the same design typology and construction values as the rest of the Axyl collection, featuring a distinct frame. A table for every occasion. Axyl café & bistro tables are perfect for smaller gatherings while the dining tables suit larger groups and more formal settings.

Axyl tables are exceptionally robust for continued use in high impact dining areas. The use of a solid steel stem on the café range, greatly enhances the stability of the table while minimizing the need for a large frame base.

Turo

The bezels of vintage dive watches inspired Turo's slim fluted leg profile, that in turn have been crafted with the same precision. The icosagon shaping of the leg adds a subtle focal point without disrupting the simplicity of its silhouette.

i-Workchair 2.0

Through the use of advanced knit technology, we've married a complex structure of high performance yarns with softer, more tactile melange yarns, to not only create a unique and contemporary design but to bring additional strength, support, and breathability to i-Workchair 2.0.

Utilizing a new generation of synchronized tilt action, i-Workchair 2.0 mirrors the body's natural pivot points, providing a seamless transition between task focused work, and more relaxed, reclined postures.

Circo

Circo is a functionally simple, light work chair for working, collaborating and meeting. Featuring a permanently floating action and a mesh back that morphs to support the user. Circo is suitable for both conference and meeting environments.

Circo's designer, Justus Kolberg, worked closely with toolmakers and injection molders to exploit the latest technical possibilities of a complex single piece frame. The result is a chair that's tremendously strong but incredibly light.

Trillipse Four Leg

Trillipse is the original multi-purpose chair family. The four leg, developed as a general purpose meeting chair for the workplace and educational environment, is the basis of the range and as such also includes a host of options to enhance its versatility.

The scale, comfort and uncompromising build quality of Trillipse has ensured the continued success of this range. Developed as a general purpose meeting chair range for workplace and educational environments, it is just as at home in compact team meeting spaces as it is in a boardroom, thanks to the diversity of finish options.

Rapt

Rapt exudes poise and offers a fresh alternative to the established norms of executive seating. It has been created to grace environments where key decisions are made, where success happens, where detail and conviction are imperative, and where extraneous distractions need to be eliminated.

The elegant and minimalistic design also provides exceptional comfort, featuring generous proportions and an anatomically shaped, cushioned seat and back. The one piece aluminum arm rest with a rigid polyurethane inlay and leather texture envelops the chair beautifully and creates a strong continuous structure.

Adapt Wall

Engineered for possibility. Its lightweight form is deceptively agile, enabling greater ease of movement yet being extremely stable ensures Adapt Wall can confidently transform any space on demand.

Individuals, as well as organizations, have all learned to react to new ways of working. This constant reaction to the change of an individual's daily working routine was the catalyst for Adapt Wall. Born out of the idea to create mobile partitions — to enable more agile, fluid, and flexible spaces — empowering every user to create spaces that work for them at that moment.

Play Tables

As we transition from the traditional fixed desk office into a more open, collaborative, and informal working style so have our everyday working requirements. Play is a solution that enables users to store, divide, meet and work in anyway they deem fit.

Each table in the Play range opens up a wide range of new working possibilities full of adaptability and flexibility for collaborative thinking or individual work. Bring the tables together, station them next to Play Storage, pull them up to your desk or even work on them individually, Play tables have been created with flexibility in mind.
